

Paulerspury C.E Primary School

Child Protection and Safeguarding Policy and Procedure for Schools

Date written:	<i>September 2020</i>
To be reviewed:	<i>Annually</i>
Agreed by Governors	<i>March 2021</i>
Next review:	<i>September 2021</i>

Our policies are written with our School Values in mind. These are:

Care
Honesty
Responsibility

Courage
Hope
Thankfulness

Creativity
Perseverance
Thankfulness

Forgiveness
Respect
Trust

Historic
Parent choice
Staff/Governor choice
Pupil choice

At Paulerspury CE VC Primary School the named personnel with designated responsibility for safeguarding are:

Designated Safeguarding Lead	Deputy Designated Safeguarding Lead	Safeguarding Governor
Robin Bunting	Jenny Betts Tina Chappell	Natalie Drought

The named personnel with Designated Responsibility regarding allegations against staff are:

Designated Senior Manager (normally the Headteacher)	Deputy Designated Senior Manager	Chair of Governors (in the event of an allegation against the headteacher)
Robin Bunting	Jenny Betts	Merrilyn Berry

1. AIM OF POLICY

Paulerspury C of E Primary School recognises our statutory responsibility to safeguard and promote the welfare of all pupils. We will endeavour to provide a safe and welcoming environment where children are respected and valued. We will be alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice.

The procedures contained in this policy apply to all staff, volunteers and governors of Paulerspury C of E Primary School and are consistent with those of Northamptonshire Safeguarding Children Partnership (NSCP). The Northamptonshire Safeguarding Partnership arrangements can be found here [NSCP](#)

The aim of this Policy is to ensure that:-

- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues
- Appropriate action is taken in a timely manner to safeguard and promote children’s welfare

2. LEGISLATION AND STATUTORY GUIDANCE

This policy is based on the Department for Education’s statutory guidance, **Keeping Children Safe in Education 2020** and **Working Together to Safeguard Children 2018**, and the **Governance Handbook**. We comply with this guidance and the arrangements agreed and published by our three local safeguarding partners.

This policy is also based on the following legislation and statutory guidance: -

- **The Children Act 1989 and The Children Act 2004 amendment-Section 11** of the Children Act 2004 places duties on a range of organisations and individuals to ensure their functions, and any services

that they contract out to others, are discharged having regard to the need to safeguard and promote the welfare of children.

- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the **Serious Crime Act 2015**, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- **Statutory guidance on FGM**, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- **The Rehabilitation of Offenders Act 1974**, which outlines when people with criminal convictions can work with children
- Schedule 4 of the **Safeguarding Vulnerable Groups Act 2006**, which defines what ‘regulated activity’ is in relation to children
- Statutory guidance on the Prevent duty, which explains schools’ duties under the **Counter-Terrorism and Security Act 2015** with respect to protecting people from the risk of radicalisation and extremism
- Section 175 of the **Education Act 2002**, which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- The **School Staffing (England) Regulations 2009**, which set out what must be recorded on the single central record and the requirement for at least one person on a school interview/appointment panel to be trained in safer recruitment techniques
- The Childcare (Disqualification) Regulations 2009 (and 2018 amendment) and Childcare Act 2006, which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the statutory framework for the Early Years Foundation Stage.
- **Current [DfE guidance relating to COVID19](#) (current as at 27-8-20). Any further update will need a review of this policy and guidance.**

3. DEFINITIONS

Safeguarding and promoting the welfare of children is defined in KCSIE 2020 as: -

- Protecting children from maltreatment;
- Preventing impairment of children’s **mental and physical** health or development;
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- Taking action to enable all children to have the best outcomes.

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm.

Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. *Appendix 1 defines neglect in more detail.*

Children includes everyone under the age of 18.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Safeguarding is not just about protecting children from deliberate harm. It also relates to the broader aspects of care and education including:

- Pupils' health and safety and well-being, including their mental health.
- Meeting the needs of children with special educational needs and/or disabilities.
- The use of reasonable force.
- Meeting the needs of children with medical conditions.
- Providing first aid.
- Educational visits.
- Intimate care and emotional wellbeing.
- Online safety and associated issues.
- Appropriate arrangements to ensure school security, taking into account the local context.
- Keeping children safe from risks, harm and exploitation

Safeguarding can involve a range of potential issues such as:

- Neglect, physical abuse, sexual abuse and emotional abuse.
- Contextualised abuse.
- Bullying, including online bullying (by text message, on social networking sites, etc) and prejudice based bullying.
- Peer on Peer abuse.
- Racist, disability and homophobic, bi-phobic or transphobic abuse.
- Gender based violence/violence against women and girls.
- Extremist behaviour and/or radicalisation.
- Child sexual exploitation and human trafficking.
- The impact of new technologies, including 'sexting' and accessing pornography.
- Child on Child Sexual Violence and Sexual Harassment
- Substance misuse.
- Issues which may be specific to a local area or population, for example gang activity and youth violence (County Lines).
- Serious Violence
- Particular issues affecting children including domestic violence, female genital mutilation and honour-based violence and forced marriage.
- 'Up skirting'- a criminal offence from 2019

- Extra Familial Harm (Contextual Safeguarding) - All staff should be aware that Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation and serious youth violence

4. EQUALITY STATEMENT

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after

5. ROLES AND RESPONSIBILITIES

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of Northamptonshire Safeguarding Children Partnership. (NSCP)

The school has a pivotal role to play in multi-agency safeguarding arrangements NYSCP, and contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children 2018.

The three statutory safeguarding partners (Northamptonshire County Council, Health, and Police) have made arrangements to allow all schools and colleges in the local area to be fully engaged, involved and included in the new safeguarding arrangements. As a named relevant agency, we are under a statutory duty to co-operate with the published arrangements.

THE SCHOOL IS AWARE OF AND WILL ALWAYS ACT IN LINE WITH [THE NSCP POLICIES AND PROCEDURES AND PRACTICE GUIDANCE](#)

Our policy and procedures also apply to extended school and off-site activities.

We will include opportunities across the curriculum, including PSHE and IT for children to be taught about safeguarding and to develop the skills they need to recognise danger and know where to seek help.

RHSE Relationship, Sex and Health Education is compulsory. As a school we have developed our approaches to meet statutory requirements and the teaching of this. This will include equality, diversity and difference.

We acknowledge that there may be times during the teaching of RSHE, that children may need an opportunity to talk to a trusted adult in the school. Children may want to talk about experiences at home or in the community that may trigger discussions with the Designated Lead, who will then decide on any next steps around listening and responding to the child.

We will maintain an attitude of “it could happen here” where safeguarding is concerned.

5.1 All Staff

All staff will read and understand **Part I and Annex A** of the Department for Education’s statutory safeguarding guidance, [Keeping Children Safe in Education 2020](#) and review this guidance at least annually.

All staff will be aware of:

- Our systems which support safeguarding, including the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and any deputies, the behaviour policy, and the safeguarding response to children who go missing from education
- The early help process and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children’s social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation.

5.2 The Designated Safeguarding Lead (DSL)

The DSL is a member of the Senior Leadership Team.

Our DSL is Robin Bunting, Headteacher.

The DSL takes lead responsibility for child protection and wider safeguarding.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

We will ensure appropriate cover arrangements for any out of hours/out of term activities. The DSL can be contacted by mobile on 07775725716 or e mail at head@paulerspury.northants-ecl.gov.uk at all times.

When the DSL is absent, the deputy DSLs, Jenny Betts, Senior Teacher, and Tina Chappell, School Business Manager, – will act as cover.

If the DSL and deputies are not available, Natalie Drought, Safeguarding Governor, will act as cover (for example, during out-of-hours/out-of-term activities).

Any deputies will be trained to the same standard as the designated safeguarding lead.

The DSL will be given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
- The DSL will also keep the leadership team and governing board informed of any issues, and liaise with Local Authority case managers and Designated Officers for child protection concerns as appropriate.

Whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate **lead responsibility** for child protection, as set out above, remains with the designated safeguarding lead; this **lead responsibility** should not be delegated. (*Annex B; Paragraph 2 Keeping Children Safe in Education 2020.*)

The full responsibilities of the DSL are set out in **Annex B KCSIE 2020**.

5.3 The Governing Board

The governing board will approve this policy at each review, ensure it complies with the law and hold the head teacher to account for its implementation.

The governing board will appoint a Governor Safeguarding Lead, Natalie Drought, to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.

The Chair of Governors will act as the 'case manager' in the event that an allegation of abuse is made against the head teacher, where appropriate (see Appendix 3).
All governors will read Keeping Children Safe in Education 2020.

5.4 The Headteacher

The headteacher is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of our systems that support safeguarding, including this policy as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)
- Ensuring the relevant staffing ratios are met, where applicable
- Making sure each child in the Early Years Foundation Stage is assigned a key person

6. CONFIDENTIALITY AND INFORMATION SHARING

Information sharing is vital in identifying and tackling all forms of abuse and neglect. GDPR does not prevent, or limit, the sharing of information for the purposes of keeping children safe. Lawful and secure information sharing between schools, Children's Social Care, and other local agencies, is essential for keeping children safe and ensuring they get the support they need.

The Data Protection Act 2018 introduced 'safeguarding' as a reason to be able to process sensitive, personal information, even without consent (DPA, Part 2, 18; Schedule 8, 4)

When Designated Safeguarding Leads in schools are considering whether, or not, to share safeguarding information (especially with other agencies) Paulerspury C of E Primary School will record who they are sharing that information with and for what reason. If we have taken a decision not to seek consent from the data subject and/or parent/carer that should also be recorded within the safeguarding file.

All relevant information can be shared without consent if to gain consent would place a child at risk.

Fears about sharing information **must not be allowed** to stand in the way of promoting the welfare and protecting the safety of children. As with all data sharing, appropriate organisational and technical safeguards should still be in place.

The Working Together on Safeguarding Children (2018) statutory guidance states the following:

1. Effective sharing of information is essential for early identification of need, assessment, and service provision to keep children safe.
2. All professionals responsible for children should be proactive in sharing information as early as possible to help identify, assess and respond to risks or concerns about the safety and welfare of children, whether this is when problems are first emerging, or where a child is already known to local authority children's social care (e.g. they are being supported as a child in need or have a child protection plan). You should be alert to sharing important information about any adults with whom that child has contact, which may affect the child's safety or welfare.
3. Information sharing is also essential for the identification of patterns of behaviour when a child has gone missing, when multiple children appear associated to the same context or locations of risk, or in relation to children in the secure estate where there may be multiple local authorities involved in a child's care.
4. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children, which must always be the paramount concern.

To ensure effective safeguarding arrangements:

- you should have arrangements in place that set out clearly the processes and the principles for sharing information. The arrangement should cover how information will be shared within your own organisation/agency; and with others who may be involved in a child's life
- all professionals responsible for children should not assume that someone else will pass on information that they think may be critical to keeping a child safe. If a member of staff has concerns about a child's welfare and considers that they may be a child in need or that the child has suffered or is likely to suffer significant harm, then they should share the information with local authority children's social care and/or the police. Staff should be particularly alert to the importance of sharing information when a child moves from one school to another, due to the risk that knowledge pertinent to keeping a child safe could be lost.
- you should aim to gain consent to share information, but should be mindful of situations where to do so would place a child at increased risk of harm. Information may be shared without consent if you have good reasons to do so, and believe that the sharing the information will enhance the safeguarding of a child in a timely manner. When decisions are made to share or withhold information, you should record who has been given the information and why.

Safeguarding children raises issues of **confidentiality** that must be clearly understood by all staff/volunteers in schools.

- Staff should never promise a child that they will not tell anyone about an allegation, as this may not be in the child's best interests

- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts
- Timely information sharing is essential to effective safeguarding
- Information must only be shared on a 'need-to-know' basis, but you do not need consent to share information if a child is suffering, or at risk of, serious harm

7. When to Be Concerned -Recognising Abuse and Taking Action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

7.1 If a child is suffering or likely to suffer harm, or in immediate danger

Make a referral to children's social care and/or the police **immediately** if you believe a child is **suffering or likely to suffer from harm, or is in immediate danger**. **Anyone can make a referral**. Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

The DSL should refer all cases of suspected abuse or neglect to the Multi Agency Safeguarding Hub (MASH), Police (cases where a crime may have been committed) and to the Channel programme where there is a radicalisation concern. Safeguarding Referrals must be made in one of the following ways:

- By telephone contact to the Multi-Agency Safeguarding Hub (MASH): 0300 126 1000 (Option 1)
- By using the online referral form found at: [MASH ONLINE REFERRAL](#)
- In an emergency outside office hours, contact children's social care out of hours team on 01604 626938 or the Police
- If a child is in immediate danger at any time, left alone or missing, you should contact the police directly and/or an ambulance using 999

7.2. DEALING WITH A DISCLOSURE FROM A CHILD

If a child discloses that he or she has been abused in some way, the member of staff/volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but do not make promises which it might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify

- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the Designated Safeguarding Lead without delay. Alternatively, if appropriate, make a referral to children’s social care and/or the police directly (see 7.1), and tell the DSL as soon as possible that you have done so.

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education’s Keeping Children Safe in Education explains that FGM comprises “all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs”. FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as ‘female genital cutting’, ‘circumcision’ or ‘initiation’.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a pupil under 18 must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it. Unless they have good reason not to, they should also discuss the case with the DSL and involve children’s social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a pupil under 18 must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out must speak to the DSL and follow our local safeguarding procedures.

7.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)

Figure 1 on page 16 illustrates the procedure to follow if you have any concerns about a child’s welfare. Where possible, speak to the DSL first to agree a course of action.

The DSL will decide on the most appropriate course of action and whether the concerns should be referred to Children’s Social Care - ([refer to Northamptonshire Thresholds Guidance.](#)) If it is decided to make a referral to Children’s Social care the parent will be informed, unless to do so would place the child at further risk or undermine the collection of evidence e.g. obtaining forensic evidence.

All concerns, discussions and decisions will be recorded in writing.

The DSL will provide guidance on the appropriate action. Options will include:

- Managing any support for the child internally via the school's own pastoral support processes
- An Early Help Assessment or
- A referral for statutory services e.g. the child is or might be in need or suffering or likely to suffer significant harm

Early help

Early Help - If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases should be kept under constant review and consideration given to a referral to Children's Social Care for assessment for statutory services if the child's situation does not appear to be improving or is getting worse. Timelines of interventions will be monitored and reviewed.

All staff should be aware of the early help process, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Safeguarding Lead any ongoing/escalating concerns so that consideration can be given to a referral to Children's Services if the child's situation does not appear to be improving.

Staff and volunteers working within the school should be alert to the potential need for early help for children also who are more vulnerable. For example:

- Children with a disability and/or specific additional needs.
- Children with special educational needs.
- Children who are acting as a young carer.
- Children who are showing signs of engaging in anti-social or criminal behaviour.
- Children whose family circumstances present challenges, such as substance abuse, adult mental health or learning disability, domestic violence.
- Children who are showing early signs of abuse and/or neglect.

Early Help Links:

Follow this link: [Early Help](#) to access Northamptonshire's information and support for professionals regarding Early Help.

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so. If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

The NSCP Case and Conflict Resolution Protocol can be found here - [LINK](#)

Children in Need – A child in need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. The Local Authority is required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989.

Children suffering or likely to suffer significant harm - Local authorities, with the help of other organisations as appropriate, have a duty to make enquiries under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm. Such enquiries enable them to decide whether they should take any action to safeguard and promote the child's welfare and must be initiated where there are concerns about maltreatment, including all forms of abuse and neglect, female genital mutilation or other so-called honour based violence, and extra-familial threats like radicalisation and sexual exploitation.

The DSL should refer all cases of suspected abuse or neglect to the Multi Agency Safeguarding Hub (MASH), Police (cases where a crime may have been committed) and to the Channel programme where there is a radicalisation concern. Safeguarding Referrals must be made in one of the following ways:

- **By telephone contact to the Multi-Agency Safeguarding Hub (MASH): 0300 126 1000 (Option 1)**
- **By using the online referral form found at: [MASH ONLINE REFERRAL](#)**
- **In an emergency outside office hours, contact children's social care out of hours team on 01604 626938 or the Police**
- **If a child is in immediate danger at any time, left alone or missing, you should contact the police directly and/or an ambulance using 999**

7.5 Concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above).

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, **020 7340 7264**, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on **0800 789 321** if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

7.6 If you have a mental health concern

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour and education.

If Staff have a mental health concern about a child we will respond to the concern, inform and discuss our concerns with parents/carers and seek ways to support the child in and out of school.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in section 7.4.

If you have a mental health concern that is not also a safeguarding concern, speak to the DSL to agree a course of action.

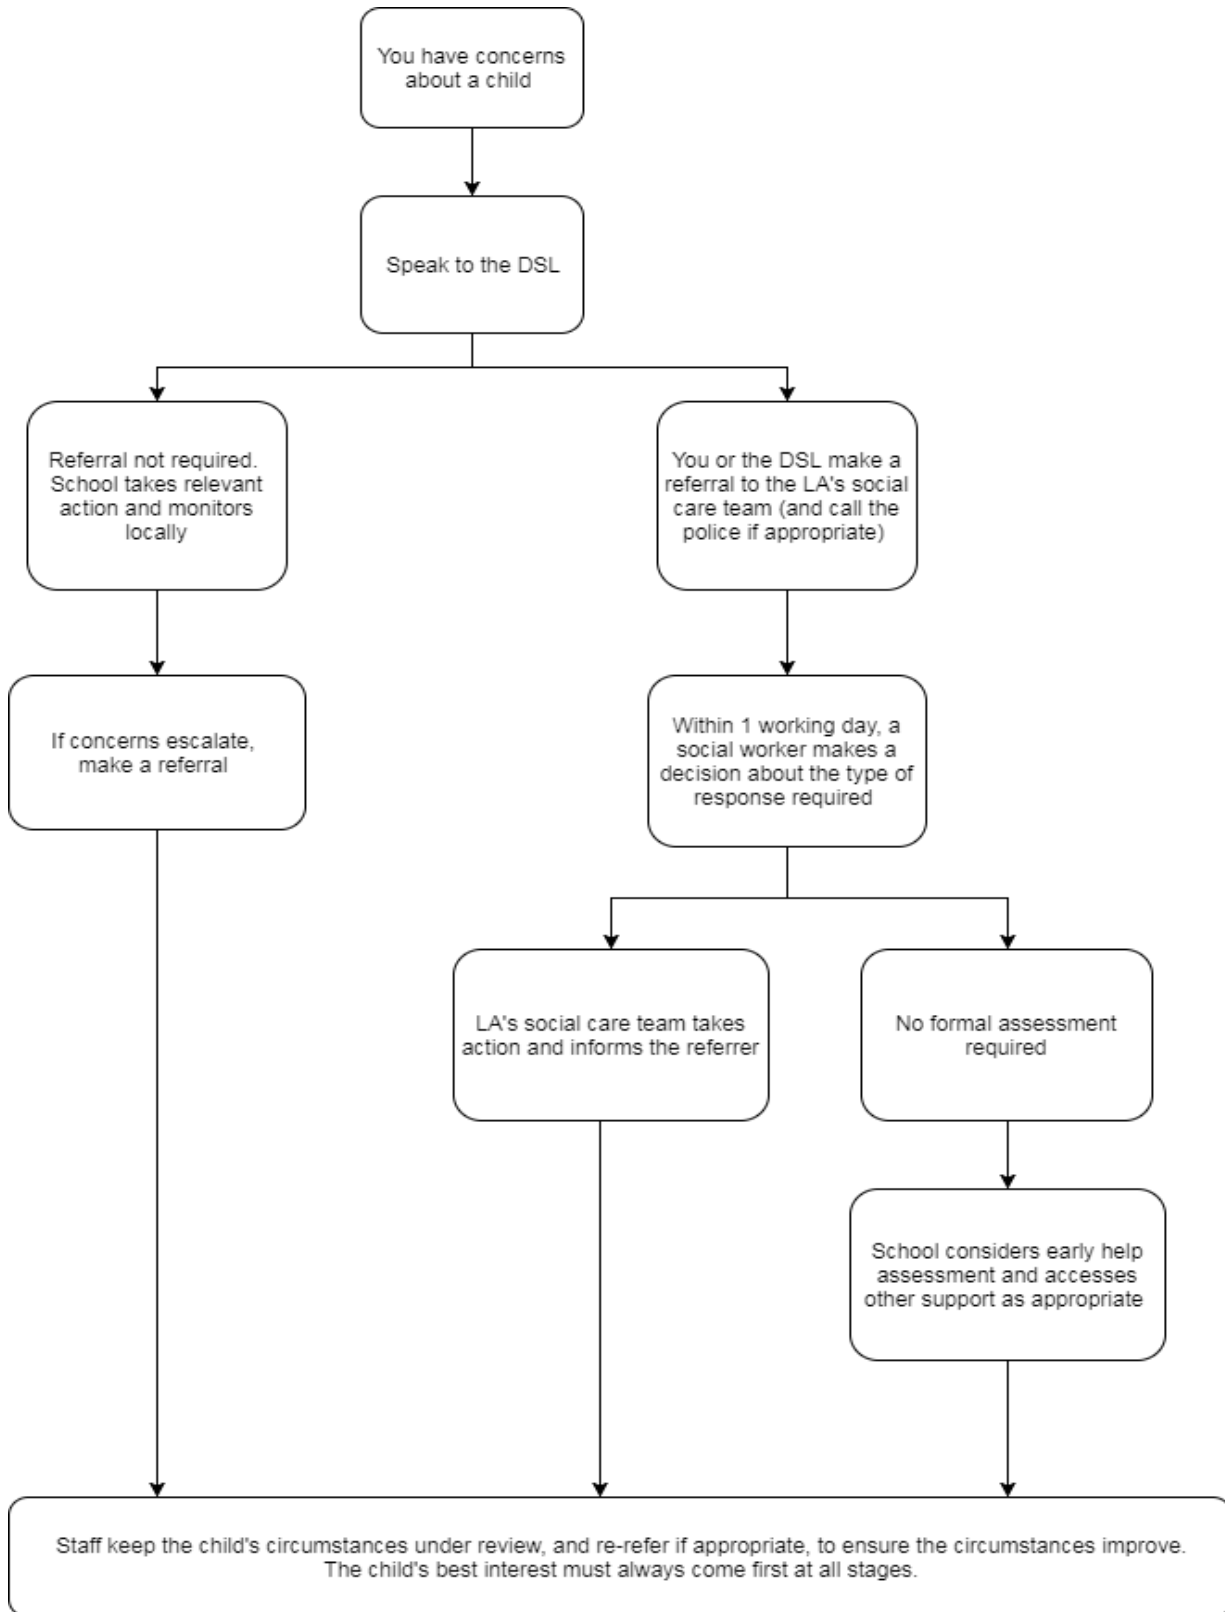

Only appropriately trained professionals should attempt to make a diagnosis of a mental health concern. However, this school will provide information and signposting services to children and parents and assist with the teaching of emotional health and wellbeing to children in our curriculum

Our Emotional Literacy Support Assistant (ELSA) plays a key role in supporting pupils with social and emotional needs and is key to identifying needs which may require more targeted support. The ELSA is also a source of resources and information to support staff, children and families with low level mental health needs.

Refer to the Department for Education guidance on [mental health and behaviour in schools](#) for more information.

Figure 1: procedure if you have concerns about a child’s welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

(Note – if the DSL is unavailable, this should not delay action. See section 7.4 for what to do.)

8. CONCERNS ABOUT A STAFF MEMBER, SUPPLY TEACHER OR VOLUNTEER

If you have concerns about a member of staff (including a supply teacher or volunteer), or an allegation is made about a member of staff (including a supply teacher or volunteer) posing a risk of harm to children, speak to the head teacher.

If the concerns/allegations are about the head teacher, speak to the Chair of Governors.

The head teacher/chair of governors/DSL will then follow the procedures set out in **Appendix 3**, if appropriate.

The DSL (or chair of governors in the case of a concern about the head teacher) will also inform the Designated Officer for the Local Authority.

Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale.

9. ALLEGATIONS OF ABUSE MADE AGAINST OTHER PUPILS

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.

We also recognise the gendered nature of peer-on-peer abuse. However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially, reinforced through PHSE lessons, worships and individually as appropriate
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

10. SEXTING

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as ‘youth produced sexual imagery’), you must report it to the DSL immediately.

You must not:

- View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL’s responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children’s social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services

- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks. If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through dialing 101

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in **section 14** of this policy also apply to recording incidents of sexting.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our PSHE education and computing programmes. Teaching covers the following in relation to sexting:

- What it is

- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive
- Issues of legality
- The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on sexting is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

11. NOTIFYING PARENTS

Paulerspury C of E Primary School will ensure the Safeguarding and Child Protection Policy is available publicly via the school or college website and by other means.

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

12. PUPILS WITH SPECIAL EDUCATIONAL NEEDS AND DISABILITIES

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for pupils with SEN and disabilities. This includes timetabled or drop in support from our ELSA.

[Directory of Services for Children with Disabilities: Specialist-support-for SEND](#)

13. PUPILS WITH A SOCIAL WORKER

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorized absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

We have contact plans for children with a social worker, and other children who we have safeguarding concerns about, for circumstances where:

- They won't be attending school (for example in a local lockdown during Covid)

or

- They would usually attend but have to self-isolate

Each child has an individual plan, which sets out

- How often the school will make contact – this will be at least once a week
- Which staff member(s) will make contact – as far as possible, this will be staff who know the family well
- How staff will make contact – this will be over the phone, doorstep visits, or a combination of both
- Add in anything else you include in plans here

We have agreed these plans with children's social care where relevant, and will review them annually or sooner if circumstances change.

If we can't make contact, we will contact children's social care or the police.

14. LOOKED-AFTER AND PREVIOUSLY LOOKED-AFTER CHILDREN

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children’s looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children’s social workers and relevant virtual school heads
- We have appointed a designated teacher, Robin Bunting, Headteacher, who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with [statutory guidance](#).
- The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

15. MOBILE PHONES AND CAMERAS

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present.

Staff will not take pictures or recordings of pupils on their personal phones or cameras.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

See the school’s acceptable use policy for more detail.

16. COMPLAINTS AND CONCERNS ABOUT SCHOOL SAFEGUARDING POLICIES

16.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see Appendix 3).

16.2 Other complaints

Complaints against pupils that are likely to require a child protection investigation will be handled by the DSL following procedures outlined in section 9: Allegations of abuse made against other pupils.

16.3 Whistle-blowing

The school's whistle-blowing policy sets out how staff can safely and without prejudice, reveal allegations relating to any aspects of school life, including safeguarding. The policy outlines:

- What areas of malpractice or wrongdoing are covered by the procedures
- The options available for reporting a concern, including who to approach within the school and externally
- How the school will respond to such concerns
- What protection is available to staff who report another member of staff

17. SAFER WORKING PRACTICE

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff code of conduct and Safer Recruitment Consortium document [*Guidance for safer working practice for those working with children and young people in education settings \(September 2019\)*](#).

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour.

This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school/college's behaviour management policy for more information.

18. RECORD KEEPING

All safeguarding concerns, discussions and decisions made and the reasons for those decisions must be recorded in writing. If in doubt about recording requirements staff should discuss this with the Designated Safeguarding Lead.

When a child has made a disclosure, the member of staff/volunteer should:

- Record as soon as possible after the conversation. Use the school record of concern sheet wherever possible.
- Do not destroy the original notes in case they are needed by a court
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- Draw a diagram to indicate the position of any injuries
- Record statements and observations rather than interpretations or assumptions

All records need to be given to the Designated Safeguarding Lead promptly. No copies should be retained by the member of staff or volunteer.

The Designated Safeguarding Lead will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

We will hold records in line with our records retention schedule.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

In addition: Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks

Appendix 3 sets out our policy on record-keeping with respect to allegations of abuse made against staff

19. ONLINE SAFETY

Our *Online Safety Policy* is set out in a separate document. We ensure that we have effective mechanisms to identify, intervene in, and escalate any incident where appropriate. Online safety is included in our curriculum at all levels and information is also provided to parents/carers.

All staff are made aware of the school policy on Online Safety which sets our expectations relating to:

- Creating a safer online environment – including training requirements, filters and monitoring;
- Giving everyone the skills, knowledge and understanding to help children and young people stay safe on-line;
- Inspiring safe and responsible use and behaviour;
- Safe use of mobile phones both within school and on school trips/outings;
- Safe use of camera equipment, including camera phones; and
- What steps to take if you have concerns and where to go for further help.

Staff must read the *Online Safety Policy* in conjunction with our Code of Conduct in relation to personal online behaviour.

20. TRAINING

20.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from the 3 safeguarding partners.

All staff will have training on the government’s anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

Contractors who are provided through a private finance initiative (PFI) or similar contract will also receive safeguarding training.

Volunteers will receive appropriate training, if applicable.

20.2 The DSL and Deputy DSLs

The DSL and Deputy DSLs will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

20.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

As the chair of governors may be required to act as the ‘case manager’ in the event that an allegation of abuse is made against the headteacher, they should receive training in managing allegations for this purpose.

20.4 Recruitment – interview panels

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education’s statutory guidance, Keeping Children Safe in Education 2020, and will be in line with local safeguarding procedures.

21. IMPLEMENTATION, MONITORING AND REVIEW OF THE SAFEGUARDING AND CHILD PROTECTION POLICY

The policy will be reviewed annually by the governing body. It will be implemented through the school’s induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Safeguarding Lead and through staff performance measures.

22. LINKS WITH OTHER POLICIES

This policy links to the following policies and procedures:

- Behaviour
- Staff Code of Conduct
- Complaints
- Health and safety
- Attendance
- Online safety
- Equality
- Sex and relationship education
- First aid
- Curriculum
- Designated teacher for looked-after and previously looked-after children
- Whistle-blowing
- Acceptable use

Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Appendix 2: safer recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent
- Academies, including free schools, and independent schools add:
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state
- We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we take a decision that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.
- We will ask for written information about previous employment history and check that information is not contradictory or incomplete.
- We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with children.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in **relevant conduct**; or
- The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the **Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009**; or
- The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children
- We will obtain the DBS check for self-employed contractors.
- We will not keep copies of such checks for longer than 6 months.
- Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.
- We will check the identity of all contractors and their staff on arrival at the school.
- For self-employed contractors such as music teachers or sports coaches, we will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to

be suitable to work with children. In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment
- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

Governors

- All governors will have an enhanced DBS check without barred list information.
- They will have an enhanced DBS check with barred list information if working in regulated activity.
- All governors will also have a section 128 check (as a section 128 direction disqualifies an individual from being a maintained school governor).

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under [section 128 of the Education and Skills Act 2008](#)). [Section 128 checks are only required for local governors if they have retained or been delegated any management responsibilities.]
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

All governors will also have the following checks:

- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Staff working in alternative provision settings

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

Appendix 3: allegations of abuse made against staff

This section of this policy applies to all cases in which it is alleged that a current member of staff, including a supply teacher or volunteer, has:

- Behaved in a way that has harmed a child, or may have harmed a child, or
- Possibly committed a criminal offence against or related to a child, or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the local authority

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does

not imply guilt or innocence)

- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the headteacher (or chair of Governors where the headteacher is the subject of the allegation) – the ‘case manager’ – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children’s social care services, where necessary). Where the police and/or children’s social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children’s social care services, as appropriate
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children’s social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate. Individuals will be referred to their trade union for support and advice. In addition, a member of staff may be taken on a supportive role in school.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children’s social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case and

the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)

- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child
- If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.
- Where the police are involved, wherever possible the local authority will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as supply staff provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using a supply teacher due to safeguarding concerns without finding out the facts and liaising with our local authority designated officer to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the supply teacher, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the local authority designated officer as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)
- When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required. If they think that the individual has engaged in conduct that has harmed (or is likely to harm) a child, or if they think the person otherwise poses a risk of harm to a child, they must make a referral to the DBS.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved

- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Child Protection and Safeguarding Policy and Procedure for Schools

Updated March 2021 including COVID reopening appendix

Page **38** of **57**

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school's internal procedures.

Appendix 4: Specific safeguarding issues-Further Information

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Child criminal exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Domestic abuse

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children.

At Paulerspury C of E Primary School we are working in partnership with Northamptonshire County Council and Northamptonshire Police to identify and provide appropriate support to pupils who have experienced domestic abuse in their household; nationally this scheme is called Operation Encompass. In order to achieve this, Northamptonshire County Council will share police information with the Designated Safeguarding Lead(s) of all domestic incidents where one of our pupils has been affected. On receipt of any information, the Designated Safeguarding Lead will decide on the appropriate support the child requires, this could be silent or overt.

All information sharing and resulting actions will be undertaken in accordance with the '[NSCB Protocol for Domestic Abuse – Notifications to Schools](#)'. We will record this information and store this information in accordance with the record keeping procedures outlined in this policy.

The DSL will provide support according to the child's needs and update records about their circumstances.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL [and deputies] will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

So-called 'honour-based' abuse (including FGM and forced marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"

- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the ‘one chance’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority’s designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmfco@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups

Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces

Terrorism is an action that:

- Endangers or causes serious violence to a person/people;
- Causes serious damage to property; or
- Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake **Prevent awareness training** and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should always take action if they are worried.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the main part of the school. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and the organisation sending the professional, such as the LA or educational psychology service, will provide annually written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the day, we will:

- Contact parents/carers by phone to ascertain the reasons for non-collection and an estimated time that the child will be collected
- If we are unable to contact the parents/carers we will use all other contact details provided to school
- If, after 30 minutes of the end of the school day, no contact has been made with the child's parents/carers, we will contact the police and advise them that we have a child who has not been collected

If parents/carers are contacted but are unable to collect their child we will advise them that they will be placed in wrap around care (Pury Play Club) at their expense.

If parents ask for another parent to collect the child in their place this request must be verbal, over the phone, and the parent collecting must be known to the school.

Throughout the process the child will be reassured and occupied by school staff. They will not be made to think that it is in any way their fault and their well being must be preserved.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will:

Day 1 - Phone call

- A staff member trained to do so, telephones the child's home to seek reasons for the absence and reassurance from a parent or carer that the child is safe at home.
- If the parent/carer answered the call and the child is safe with them, ask for reason for absence

and record on your school's attendance management system

- If there is no answer at the home or on mobile numbers we will call back after 2 hours
- If the person answering is not the parent/carer and the school is not reassured that the child is at home or safe the school's designated lead for child protection should be consulted on a risk assessment and the degree of vulnerability of the child
- If the parent/carer answered the call but the child is not with them or safe and the parent is concerned, the school will advise the parent to:
 - Contact the local police station to inform them that the child is missing
 - Contact all people and places the child is known to talk to and visit to tell them that the child is missing and ask if they can help to find the child, by providing information which may shed light on the child's whereabouts or actively searching for the child
 - Contact the family GP and Accident and Emergency Centres near where the child lives and goes to school, in case he/she has sustained an injury and been taken in for medical treatment
 - Report back to school if the child is found or remains missing

Day 2 - Follow up phone call

- A subsequent telephone call must be made either from the school landline or preferably a mobile phone.

Day 3 – Write/email parents

- Write or email to the parent in plain English, asking for contact to be made with the school immediately. Please give the parents/carers 3 working days to make contact and if you are aware that English may not be the parent's first language, copy the letter into a language that may be more accessible.

Day 5/6 - Home visit

- Arrange a visit to the home address ensuring that risk assessments are in place

Once these checks have been completed (or within 10 days, whichever is earlier), If the child has not been seen and the parents or carers have not made contact, schools must report the child as missing from education using the form on the NCC website:

[See link to NCC procedures for Children Missing Education](#)

Appendix 5 Role of the Designated Safeguarding Lead

The DSL role is set out in full in KCSIE 2020 Annex B and this should be explicit in the DSL's job description. They should be a senior member of staff on the school's leadership team and take lead responsibility for safeguarding and child protection (including online safety). They should be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings, and/or to support other staff to do so, and to contribute to the assessment of children.

The DSL and Deputy (if appropriate) will:

Manage referrals

- Refer cases of suspected abuse to the local authority children's social care as required
- Support staff who make referrals to local authority children's social care
- Refer cases to the Channel panel through the universal referral form where there is a radicalisation concern as required
- Support staff who make referrals to the Channel panel
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- Refer cases where a crime may have been committed to the Police as required (the guidance NPCC- When to call the police should help DSLs understand when they should consider calling the police and what to expect when they do.)
- If after a referral the child's situation does not appear to be improving the DSL (or the person that made the referral) should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves
- Access a range of advice to help them identify children in need of additional mental health support

Work with others

- Act as a point of contact with the three safeguarding partners
- Liaise with the Headteacher or principal to inform them of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations
- For Looked-After children have available the details of the child's social worker and the name of the virtual school head in the authority that looks after the child
- Liaise with staff on matters of safety and safeguarding (including online and digital safety,) and when deciding whether to make a referral by liaising with relevant agencies; and
- Act as a source of support, advice and expertise for staff
- Hold information on which children have a social worker so that decisions can be made in the best interests of the child's safety, welfare and educational outcomes

Undertake training

- Undergo training to provide them with the knowledge and skills required to carry out the role. This training should provide them with a good understanding of their own role and the process, procedures and responsibilities of other agencies, particularly children's social care and should be updated at least every two years.
- Undertake Prevent awareness training
 - Refresh their knowledge and skills (this might be via e-bulletins, meeting other DSLs, or simply taking time to read and digest safeguarding developments and news at regular intervals, as required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they:
- Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments;
- Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- Ensure each member of staff has access to and understands the school's or college's child protection policy and procedures, especially new and part time staff;
- Are alert to the specific needs of children in need, those with special educational needs and young carers;
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the General Data Protection Regulation (GDPR).
- Are able to keep detailed, accurate, secure written records of concerns and referrals;
- Understand and support the school or college with regards to the requirements of the Prevent duty, including online safety and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- Obtain access to resources and attend any relevant or refresher training courses;
- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.
- Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school;
- Recognise the additional risks that children with SEN and disabilities (SEND) face online, for example from online bullying, grooming and radicalisation and be confident and have the capacity to support SEND children to stay safe online.

Raise Awareness

- Ensure the school's child protection policies are known, understood and used appropriately.

- Ensure the school child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors and staff regarding this.
- Ensure the child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this; and
- Link with the safeguarding partner arrangements to make sure staff are aware of training opportunities and the latest local policies on safeguarding arrangements.
- help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff. Their role could include ensuring that the school or college, and their staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.

Child protection records

- Where children leave the school or college ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt should be obtained. Receiving schools should ensure that key staff such as DSLs and SENCOs are aware as required. This includes in year transfers.
- In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.
- Ensure that CP records are retained for an appropriate length of time and the school has regard to any other requirement requiring specific retention periods. The current requirement under IICSA (Independent Inquiry into Child Sex Abuse) is that records of child sex abuse should be retained for the period of the inquiry.
- Ensure that, if a child goes missing or leaves to be educated at home, the child protection file is stored securely in school in line with school's data storage arrangements.
- Ensure that the worker from Children First Northamptonshire is informed where the child leaves the school.
- NCC Elective Home Education Policy and Procedures can be accessed for further guidance

Availability

- During term time always be available (during school hours) for staff in the school or college to discuss any safeguarding concerns. Whilst generally speaking the DSL (or deputy) would be expected to be available in person, it is a matter for individual schools, working with the DSL, to define what “available” means and whether in exceptional circumstances availability via phone and or Skype or other such mediums is acceptable
- It is a matter for individual schools and colleges and the DSL to arrange adequate and appropriate cover arrangements for any out of hours/out of term activities
- It is a matter for individual schools and colleges as to whether they choose to have one or more deputy DSL(s). Any deputies should be trained to the same standard as the DSL.
- Whilst the activities of the DSL can be delegated to appropriately trained deputies, the ultimate lead responsibility for safeguarding and child protection, as set out above, remains with the DSL. This responsibility should not be delegated.

Appendix

Covid-19 Arrangements from 8th March 2021

1 Context

- 1.1 This appendix has been added to the school safeguarding policy following the period of partial closure between January 5th 2021 and March 8th 2021. From the 8th March 2021 all children, except those who are clinically extremely vulnerable and have been directed to shield at home, are expected to attend school.
- 1.2 This appendix has been added to provide all stakeholders with additional information about the school's safeguarding and child protection arrangements from the 8th March 2021.

2 Guidance

- 2.1 The school continues to comply with all statutory safeguarding and child protection guidance during this time, including [Keeping Children Safe in Education \(2020\)](#)¹.
- 2.2 The school is currently operating under the latest Covid-19 guidance from the Department from Education, '[Schools coronavirus \(COVID-19\) operational guidance \(February 2021\)](#)'

3 What to do if you have a concern about a child

- 3.1 A trained Designated Safeguarding Lead or Deputy Designated Safeguarding Lead will be available at all times during school hours. Wherever possible, a trained DSL (or deputy DSL) will be available on site. Where this is not possible due to staff self-isolation, a trained DSL (or deputy DSL) will be available to be contacted via phone or video-conferencing using Zoom. In this instance an appropriate senior leader will take responsibility for safeguarding on site.
- 3.2 Any changes in arrangements for contacting the DSL/DDSLs will be shared with staff before 8.40 am each day, as well as any relevant safeguarding and child protection updates and training.
- 3.3 If the school becomes aware that a child is suffering, has suffered, or is at risk of suffering harm or abuse, this will be managed in line with procedures outlined in the main body of the school's safeguarding and child protection policy.

Attendance

- 4.1 In line with government guidance, we expect all children to attend school unless they are self-isolating or shielding. The school is responsible for recording attendance, following up absence and reporting children missing education to the local authority.
- 4.2 Parents or carers should contact the school on the first day of absence and inform the school of the reason why the child is not in attendance. Parents should inform the school of any COVID-19 tests that have been carried out and continue to keep the school informed of reasons for absence, as appropriate.

¹ This document was last updated in January 2021, to reflect arrangements following the UK's departure from the European Union. However, it is still referred to as 'Keeping Children Safe in Education (2020)'.
Paulerspury Primary School
Safeguarding and Child Protection Policy
Updated 8 March 2021 including COVID reopening appendix

- 4.3 From 8th March 2021, we will record attendance in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended) for all pupils.
- 4.4 In accordance with the 'Remote Education Temporary Continuity Direction', the school will provide remote education to pupils who are unable to attend school because they are complying with government COVID-19 guidance or legislation. We will keep a record of remote education delivered.
- 4.5 Absence information will be recorded in the register using the appropriate codes. Information about school attendance codes can be found in:
- [School attendance: Guidance for maintained schools, academies, independent schools and local authorities \(August 2020\)](#)
 - [Schools coronavirus \(COVID-19\) operational guidance](#)
- 4.6 Where pupils are not able to attend school, as they are following clinical or public health advice related to coronavirus (COVID-19), the absence will not be penalised.
- 4.7 We understand that some parents, carers and children may be anxious about children returning to school. We will work closely with families who are finding the transition more challenging to ensure that children are attending regularly.
- 4.8 We will work with other agencies (e.g. health and other education professionals) to support school attendance if this is required. We will continue to notify the pupil's social worker (if they have one) of any non-attendance.

5 Supporting children who are learning at home

- 5.1 In the event that children are required to shield or to self-isolate, the school will continue to provide remote education and pastoral support.
- 5.2 We will do this in line with our remote learning policy. Learning will be a combination of workbooks and work set by the child's class teacher.
- 5.3 In the event that a member of our school community (a child or a member of their family, for example) need to seek safeguarding or wellbeing support, they should contact the school and request a meeting with the Head Teacher or other appropriate member of staff.

5.4 Vulnerable children

- 5.4.1 If pupils who are self-isolating or shielding are within the government definition of 'vulnerable', we will keep in regular contact with them by regular telephone communication.
- 5.4.2 When a vulnerable pupil is required to self-isolate, we will:
- notify their social worker (if they have one);
 - agree with the social worker the best way to maintain contact and offer support;
 - check if a vulnerable pupil is able to access remote education support;
 - support them to access it (as far as possible); and
 - regularly check if they are accessing remote education.
- 5.4.3 The government considers children to be vulnerable if they

- are assessed as being in need under section 17 of the Children Act 1989, including children and young people who have a child in need plan, a child protection plan or who are a looked-after child
- have an education, health and care (EHC) plan
- have been identified as otherwise vulnerable by educational providers or local authorities (including children's social care services), and who could therefore benefit from continued full-time attendance, this might include:
 - children and young people on the edge of receiving support from children's social care services or in the process of being referred to children's services
 - adopted children or children on a special guardianship order
 - those at risk of becoming NEET ('not in employment, education or training')
 - those living in temporary accommodation
 - those who are young carers
 - those who may have difficulty engaging with remote education at home (for example due to a lack of devices or quiet space to study)
 - care leavers
 - others at the provider and local authority's discretion including pupils and students who need to attend to receive support or manage risks to their mental health

5.5 We recognise that provision for pupils who have SEND may have been disrupted during the period of restrictions on attendance. We will work with local services (such as health and the local authority) to ensure the services and support are in place for a smooth return to schools for pupils.

5.6 Clinically extremely vulnerable (CEV) children

5.6.1 Children who have been confirmed as clinically extremely vulnerable and have received a shielding letter should not attend school until they have been removed from the shielding patient list. We will support these children, in line with our remote learning policy, by providing a mixture of workbooks and work set by the class teacher.

5.6.2 The school may request to see a copy of the child's shielding letter.

6 Supporting children on site

6.1 Paulerspury Primary School will refer to the Government guidance for education and childcare settings on how to implement social distancing and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of COVID-19.

6.2 Paulerspury Primary School understands that some children will find the transition back into school challenging and will provide opportunities for children to ask questions and discuss their concerns. PHSE lessons will address potential areas of concern and support will be available from the school Emotional Literacy Support Assistant (ELSA) as required.

6.3 Referrals will be made to the school nursing service as required.

7 Children attending Alternative Provision

7.1 School currently has no children attending alternate provision.

8 Safer recruitment of staff and volunteers

- 8.1 The school continues to adhere to Keeping Children Safe in Education (2020) and all relevant legislation relating to safer recruitment.
- 8.2 The school will adhere to all government guidance in relation to checking identification for the purposes of obtaining Disclosure and Barring Service checks and when conducting interviews.
- 8.3 Where Paulerspury Primary School is utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 183 to 188 of Keeping Children Safe in Education (2020). Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.
- 8.4 Paulerspury Primary School will continue to update the single central record and will log details of any risk assessment carried out on volunteers and any temporary staff from other educational institutions.

9 Online safety and remote learning

- 9.1 The school recognises that children both on-site and off-site are vulnerable to abuse and radicalisation online. Children who are at home because they are self-isolating or shielding may be spending more time online and this increases their vulnerability.
- 9.2 Paulerspury Primary School recognises that additional safeguarding arrangements are required to ensure that children are safe online at this time.
- 9.3 All staff will continue to look out for any signs that indicate a child may be at risk online and will report and respond to concerns in line with this policy.
- 9.4 Children who are not attending school are given regular reminders of how to remain safe on line in newsletters to parents. Material from 'Be Internet legends' are shared regularly along with other resources.
- 9.5 The school is legally required to provide suitable remote learning for children whilst they are out of school. We are using technology to deliver learning to pupils who are at home. In order to ensure that children are safe when learning online, the school have;
- Trained all staff on how to use technology safely and appropriately (Tapestry and Zoom)
 - Acceptable use agreement is in place and has been shared with all staff. Staff have signed to say they have read.
 - Appropriate levels of filtering are in place in school
 - Parents have been advised of suitable websites via the closure page on the school website and through newsletters
 - When planning, teachers only recommend sites that have been vetted and are appropriate to the age of the children
- 9.6 All communication with learners and parents/carers will take place using school provided or approved communication channels; for example, school provided email accounts, Zoom and Tapestry.

- 9.7 Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.
- 9.8 Paulerspury Primary School will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements.
- 9.9 Staff and learners will engage with remote teaching and learning in line with existing behaviour principles as set out in our school behaviour policy.
- 9.10 When delivering remote learning, staff at Paulerspury Primary School will:
- Only use online tools that have been evaluated and agreed by leadership.
 - Ensure remote learning activities are planned in accordance with our curriculum policies, taking learner needs and technology access into account.
 - Where possible, pre-record content.
- 9.11 If remote learning is taking place 'live' using webcams or chat facilities, staff and learners will ensure a professional environment is maintained. This means:
- Staff will record the length, time, date and attendance of any online lessons/contact held or made.
 - Live sessions will involve at least two members of staff where possible.
 - Sessions will not be delivered in any 1:1 situation, unless pre-approval has been given by the DSL and/or Headteacher and the session is auditable.
 - Staff will record any online lessons so they can be audited or accessed later if required; learners and staff should be made aware that lessons are being recorded.
 - Staff will agree online behaviour expectations with learners at the start of lessons.
 - All participants will wear suitable dress, use professional language, and ensure backgrounds of videos (live or pre-recorded) are neutral and appropriate.
 - Staff and learners should ensure personal information and/or, inappropriate or unsuitable personal items are not visible.
 - Where possible, other household members should not be in the background or in shot; if this unavoidable, they should follow appropriate language and behaviour expectations.
 - If live streaming, staff will mute and/or disable learners' videos and microphones, as required.
- 9.12 Learners are encouraged to report concerns to a member of staff or a trusted adult at home. Where this is not possible, additional support can be accessed online via:
- Childline: www.childline.org.uk
 - UK Safer Internet Centre's 'Report Harmful Content':
<https://reportharmfulcontent.com>
 - National Crime Agency Child Exploitation and Online Protection Command (NCA-CEOP):
www.ceop.police.uk/safety-centre
- 9.13 Staff have received updated safeguarding training to ensure that they are equipped with the skills to keep children safe when using technology for remote learning.

9.14 Use of staff and learner personal devices, including mobile phones, will be managed in line with our existing mobile technology policy.

10 Contingency Planning

10.1 In the event that restrictions in schools are needed to help contain the spread of the virus, we will refer to the contingency framework², which has been updated and outlines how schools should operate in the event of any restrictions. We will always ensure that safeguarding children is our priority and work within restrictions to keep children safe.

11 Review

11.1 This appendix will be reviewed, updated and re-issued as necessary, to reflect government guidance. All staff will be made aware of any changes.
